Mr. Paul Mampilli.—When did the department appoint the required number of teachers in the last year?

Mr. I. N. Menon.—This can be done only as soon as we know the number of additional divisions and classes that are necessary in each school. What we occasionally find is that teachers who are posted to this school are trying to get out of that school.

Mr. Paul Mampilli.—Is it not an idle excuse on their part?

Mr. I. N Menon—They are experiencing some difficulties when they are posted.

Mr. A. Sankara Poduval—May I know whether any improvement has been made in the staff of the school from this year onwards?

Mr. I. N. Menon—There are, barring the Headmaster, three higher grade teachers, one U-1, U-2 and U-3 each.;

routine duties of a Village Officer. There is far too great a tendency to regard these questions from the point of view of the individual rather than that of the administration. Those Village Officers who have already acted as clerks must make up their mind whether they want to be clerks or not. If they do, they must resign their Village Officers' posts and take their chance of being appointed as clerks. In future, no Village Officer should be appointed as clerk.
